SUPERINTENDENT'S MESSAGE

Message from the Superintendent Director

Oh behalf of the Faculty, Administration, and School Committee, congratulations on completing your High School years at Bay Path Regional Vocational Technical High School. The education you received should serve you well in the future. Please remember, there is no substitute for hard work and dedication. Your future success will depend on your willingness to apply all that you have learned.

Although most of you have been at Bay Path for four years, please do not consider this short time as your last years spent in formal education. Many of you must realize you have an abundance of talent which could be further developed to maximize your full potential. Consider continuing in education beyond Bay Path on a full or part time basis at a local community college or four year institution.

As a vocational graduate you have the best of two worlds, a vocational skill and an academic diploma which will enable you to grow within your vocational area or profession. Society will depend upon your skill as a vocational technical graduate. Participate in community activities and take an active role in society.

Once again, congratulations and best wishes for future success!

We the Class of 1996 dedicate this issue of the Bay Path Yearbook to two fine teachers. Mrs. Beverly Miller who has een our guide and inspiration for these past four years. She has been a confidante, teacher, mother, and most of all, a riend.

Mr. Kevin Wells, although not here all four years of our stay, has made the most of his time with us. Any questions ou might have were handled in an even handed manner. A person who has been a positive influence on our lives in the ıort time we have known him.

We thank them both for all their efforts on our behalf. We shall not forget either of you.

The memory of our classmate Charles Brezney will light up the lives of all who knew him, and is instilled in our memories forever.

The Class of 1996 of Bay Path High School remembers the ready smile of our classmate Chuck Brezney. He will live in our hearts, souls, and minds forever. The friendliness of Chuck along with the ready smile is something we will not easily forget. Rest in Peace dear friend.

SUCCESS

"To laugh often and much; to win the respect of intelligent people and the affection of children; to earn the appreciation of honest critics and endure the betrayal of false friends; to appreciate beauty; to find the best in others; to leave the world a bit better whether by a healthy child, a garden patch, or a redeemed social condition; to know even one life has breathed easier because you have lived. This is to have succeeded."
